November 14th, 1914

The Chairman of the House Committee,
North House,
University of Toronto.

Dear Sir:

Last year there was a dance given by each of the three houses. At the time I thought, and the Caput, I believe, agreed with me in this, that one would have been sufficient in which the three houses should join. If it was expedient last year I feel sure that you will agree with me that this year in our period of great distress if a dance is to be held at all not more than one should be provided for.

Yours sincerely,

President.
